TAKING SOCIAL RESPONSIBILITY SERIOUSLY

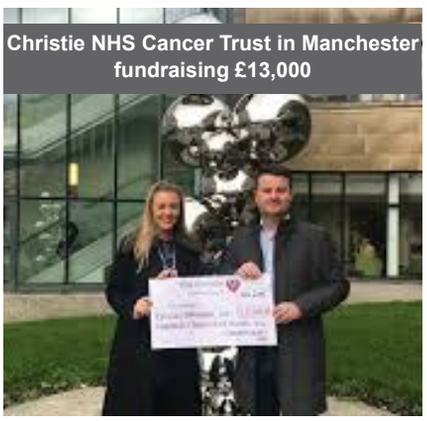
2019 - 2020 Activity

Fundraising

"What an amazing amount of money you have raised for our vital work, we truly appreciate it. This will go a long way to support the work we do."

Jean Templeton, Chief Executive, St Basils

Christmas Jumper Day 2019: Save the Children



Christie NHS Cancer Trust in Manchester fundraising £13,000

Over £25,000 raised for BBC Children in Need

"It is really important for us to give back to the communities in which we work. The charitities and projects that we support are diverse and I am proud that as a company we always come together with suppliers and customers to generate a meaningful funding for these worthy causes."

Patrick Flannery, Managing Director

Sponsorship

Kumar Harish, XLI Para-Armwrestling World Championship Athlete. We are delighted to sponsor Kumar in the competition and we congratulate him on his achievements.

Community Engagement

"This year we have supported 150-careers fairs or community events. It is so important for us to get this time with the future of our industry."

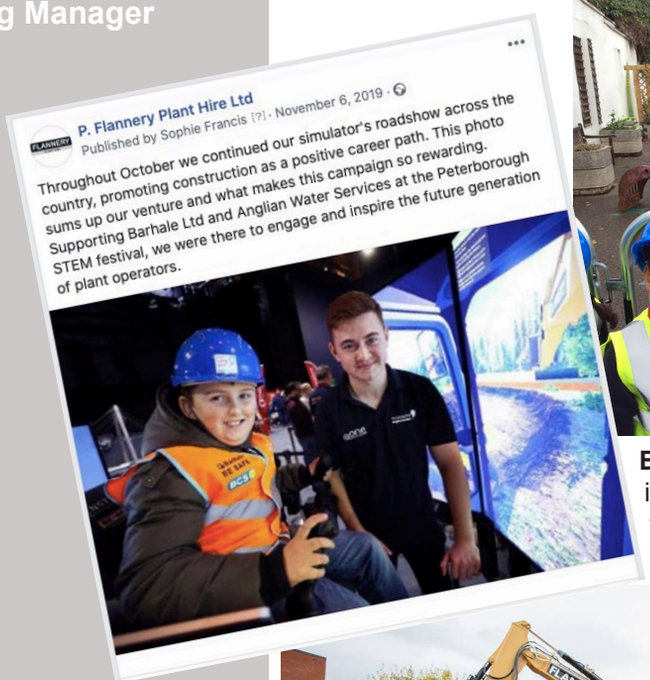
Sophie Cox, Training Manager

Bucks Skill Show

Northampton College Open Day

From the official opening of **Northampton College's new Advanced Construction Engineering (ACE) Centre**. A state-of-the-art, £4.75millon facility will help tackle the severe skills shortages the industry is currently facing, to...

...St John Evangelist RC Primary School in Islington where our objectives are to educate children in the dangers of construction (particularly important in large cities where infrastructure projects occupy huge areas) and to leave a legacy in the minds of the next generation of operators. To hear children say, '*I want to be a plant operator when I grow up*', makes



Bucks LEP Engagement Day: Focused on engagement in relation to HS2 the Bucks LEP Engagement Days saw five-local schools visit to discuss career pathways in the construction industry. Of the fifteen students who attended, only one of them had ever considered a career in construction. After the interactive skills session, fourteen of the fifteen said they would definitely consider a career in the industry now they understood the opportunities available. We will be replicating this event again in March 2020. The event is lead by one of our achieved Apprentices, Danny Jones who is passionate about inspiring the future generation.

Diversity in Construction

"We are immensely proud of the work we have done with #BuildingEquality, the support from Flannery Plant Hire has been invaluable. Driving diversity & inclusion alongside our construction partners means we are proactively promoting true change and improving the working lives of all our employees, LGBT+ and non LGBT+ alike."

Christina Riley, Senior Planner, Kier Group
